

To Whom It May Concern at the FCC:

Please prevent Sinclair Broadcasting from forcing their stations to air an anti-Kerry documentary days before the election. This politically motivated use of our airwaves is extremely dangerous to our democracy and takes all of our credibility away when we talk about creating democratic institutions in other countries. When our citizens can not receive unbiased news information through public airwaves, our democracy is gravely threatened. Only the FCC can put a stop to this abuse of our democracy by a wealthy corporation.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you for your time and consideration of this gravely important matter.

Sincerely,
Jonna I. Gaberman M.D.
